OBSERVED / SOURCE-REPORTED

Charts, photographs, recorder plots, weather

ASSUMED + CONSTRUCTED

Aircraft envelope, synthetic entry; two paths

↓

RECONSTRUCTED

Dated map faces, approximate trace anchors

↓

COMPUTER-ASSISTED CERTIFICATE

All-time feasibility in the stated model

The missing connection is empirical calibration and common geometry.

STILL UNIDENTIFIED

Complete historical obstacles • calibrated tracking and braking
Causal gust policy • useful global gap • fair historical improvement
